

# Kevin Smith

## User Interface Design / UX Design / Core Gamer

As a UI art specialist, I bring to the table a blend of design expertise, artistic flair, and creativity aimed at enhancing the overall gaming experience. With a keen eye for detail and a commitment to excellence, I consistently uphold high-quality standards, proactively foresee challenges, and devise innovative solutions to enhance functionality and user satisfaction.

### Experience

#### Pixels GD

**Designer | Owner / Monterey, CA / 2011 | Present**

Led dynamic design teams to deliver exceptional results. Provided strategic consultation to esteemed clientele, enhancing corporate identities and refining end-user experiences to elevate product perception. Pioneered inventive design strategies tailored to client needs, fostering innovation and excellence. Guided the team to secure seven consecutive graphic design awards, while concurrently driving a remarkable 250% increase in annual business earnings.

#### Awarding Winning Design

**Web Designer / Fresno, CA / 1999 | 2011**

Crafted captivating web interfaces and dynamic 2D assets optimized for online platforms and Flash technology. Focused on enhancing clients' end-user experiences, I spearheaded the development and design of their distinctive web identities. Additionally, I meticulously created 2D assets and sprites tailored for web environments and user interfaces. Actively engaged with clients, consulting on and implementing surveys to enhance user experience. By innovatively designing new media strategies, I facilitated the transition of traditional businesses into the digital era, paving the way for their success in the new millennium.

#### Sunset Jazz

**Bassist / Agent / Audio Technician / Fresno, CA / 1999 | 2004**

Entertained audiences as part of a jazz trio across California's Central Valley and Central Coast. Took charge of negotiating and securing performance opportunities. Managed album recordings and facilitated audio setups for live shows, ensuring quality sound experiences for audiences.
